

LAFENZA
TILE WITH STYLE

Ego, la forza dell'Io, la forza del progetto.
Vera espressione di versatilità e di design ricercato.
Una progetto raffinato, dove la superficie ad effetto 'resina',
giocato su colori polverosi, trova nuova veste nell'intarsio di
elementi ceramici ad effetto legno.

Ego, the strength of the self and of the project.
A true expression of versatility and refined design.
Ego is a refined project where the resin-effect surface, with
powdery colours, finds a new finish with the inlaid work of
wood-effect ceramic elements.

Quadrotte e scacchiere ritmano le superfici di un'eleganza tipica dei materiali più classici, come il marmo, proiettandosi però in una dimensione attuale e trendy.
Un 'tappeto' da tessere sapientemente, dove la gamma cromatica, soffusa, è uno dei punti di forza del progetto: dal beige al bianco, dal grigio al nero.

The square sections and chess board effects lend surfaces the typical elegance of classic materials such as marble, but with a contemporary and trendy dimension.
The soft colours of the range, from beige to white and grey to black, let you 'weave' a unique finish for your surfaces.
